The citizens of Troy are also deeply indebted to Mr. Hilliard for the many outstanding pictures available to them through his local photography.

Students seek knowledge through books in the library, and they also receive many wise words of wisdom from Mrs. Oslund.

Teachers, too, seek advice and talk over problems of the day when they slip away to the library as are shown by the pictures below when the camera caught these scenes.

PARDON US

We'd like to depart just once from the usual messages we print in our advertising space. Instead of talk about the utility service supply, may we speak briefly of our sincere interest in the students and young people of this area.

Time passes rapidly and you will move from the learning to the doing stage. The community and the nation will depend on you for much--you are the future.

Congratulations and best wishes from the men and women of
